

Excused and Unexcused Absences

Excused and Unexcused Absences

Students are expected to attend all assigned classes each day. Upon enrollment and at the beginning of each school year, the district shall inform students and their parents/guardians of this expectation, the benefits of regular school attendance, the consequences of truancy, the role and responsibility of the district in regard to truancy, and resources available to assist the student and their parents and guardians in correcting truancy. The district will also make this information available online and will take reasonable steps to ensure parents can request and be provided such information in languages in which they are fluent. Parents will be required to date and acknowledge review of this information online or in writing.

Excused Absences

Regular school attendance is necessary for mastery of the educational program provided to students of the district. At times, students may be appropriately absent from class. School staff will keep a record of absence and tardiness, including a record of excuse statements submitted by a parent/guardian, or in certain cases, students, to document a student's excused absences. The following principles will govern the development and administration of attendance procedures within the district:

- A. The following are valid excuses for absences:
 1. Participation in a district or school approved activity or instructional program;
 2. Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental or optometry);
 3. Family emergency, including, but not limited to, a death or illness in the family;
 4. Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction;
 5. Court, judicial proceeding or serving on a jury;
 6. Post-secondary, technical school or apprenticeship program visitation, or scholarship interview;
 7. State-recognized search and rescue activities consistent with RCW 28A.225.055;
 8. Absence directly related to the student's homeless status;

9. Absence resulting from a disciplinary/corrective action. (e.g., short-term or long-term suspension, emergency expulsion); and
10. Principal (or designee) and parent, guardian, or emancipated youth mutually agreed upon approved activity.

The school principal (or designee) has the authority to determine if an absence meets the above criteria for an excused absence.

- A. If an absence is excused, the student will be permitted to make up all missed assignments outside of class under reasonable conditions and time limits established by the appropriate teacher; except that in participation-type classes, a student's grade may be affected because of the student's inability to make up the activities conducted during a class period.
- B. An excused absence will be verified by a parent/guardian or an adult, emancipated or appropriately aged student, or school authority responsible for the absence. If attendance is taken electronically, either for a course conducted online or for students physically within the district, an absence will default to unexcused until such time as an excused absence may be verified by a parent or other responsible adult. If a student is to be released for health care related to family planning or abortion, the student may require that the district keep the information confidential. Students thirteen and older have the right to keep information about drug, alcohol or mental health treatment confidential. Students fourteen and older have the same confidentiality rights regarding HIV and sexually transmitted diseases.

Unexcused Absences

- A. Any absence from school for the majority of hours or periods in an average school day is unexcused unless it meets one of the criteria above for an excused absence.
- B. As a means of instilling values of responsibility and personal accountability, a student whose absence is not excused will experience the consequences of his/her absence. A student's grade may be affected if a graded activity or assignment occurs during the period of time when the student is absent.
- C. The school will notify a student's parent or guardian in writing or by telephone whenever the student has failed to attend school after one unexcused absence within any month during the current school year. The notification will include the potential consequences of additional unexcused absences.
- D. A conference with the parent or guardian will be held after three unexcused absences within any month during the current school year. The parent will be notified in writing in his/her primary language that the student has unexcused absences. A conference will be scheduled to determine what corrective measures should be taken to ameliorate the cause for the student's absences from school. If the parent does not attend the conference, the conference may be conducted with the student and a school official. However, parent will
