**\* New Benefit**

**\* Health Start for Kids Benefit**

Take your kids to the dentist and services are covered at 100%. That means no out-of-pocket costs, no deductible and no maximum to consider for cleanings, exams, fillings and crowns. Once your child turns 15, they will transfer to the standard plan design.

## How your plan works

Simply visit your dentist at least once in the benefit year to increase your coverage level by 10% for the following year. Repeat until you achieve your maximum benefit levels. Here's an example:

On the other hand, if you do not visit the dentist in the benefit year, your coverage level will decrease by 10% the following year.
